

PCX 20/45 & 20/50

COMPACTING

A heavyweight professional compaction plate used for soil compaction on new developments, repairs and maintenance jobs with large aggregates, cohesive material or moist content. This plate is a hard hitting but user friendly machine in the heavy weight class.

HONDA

FEATURES & BENEFITS

- Compaction all-rounder for soils, asphalt and pavements, a plate with unlimited possibilities.
- The optimum vibratory plate for finishing or patching a surface.
- Highest degree of operator comfort: patented vibration neutralisation of the operating handle.
- Wear and fracture resistant cast base continuous load applications, manufactured out of extremely resistant cast iron (GJS-700)
- The sturdy protective frame makes this plate resistant to rough treatment or mechanical shocks.
- Paving Pad and Wheel Kit Options available.
